Peter Moroney reported that the Course Withdrawals policy has undergone a major overhaul and is now under review by the Registrar to ensure that it can be operationalized. The Policy and Standards Committee is also reviewing the Terms Reference for the Education Council Academic Appeals Panel, which is a newly formed group at the College that will support the Grade Appeals and Academic Integrity policies. These policies will be coming forward to EdCo for consultation and/or approval. Peter also invited members of EdCo to sit as an observer on the Policy and Standards Committee. Dear Ms. Rohani:

I would like to extend appreciation on behalf of Premier Horgan and the Executive Council for your dedication, and that of your board members, in leading your institution and helping government deliver on our priorities to British Columbians.

Government remains focused on its three strategic priorities: making life more affordable, delivering better services, and investing in a sustainable economy.

Every public sector organization is accountable to the citizens of British Columbia. The expectations of B.C. citizens are identified through their elected representatives, the members of the Legislative Assembly.

This mandate letter, which I am sending in my capacity as Minister responsible for Advanced Education, Skills and Training, on behalf of the Executive Council, communicates those expectations for your institution. It sets out overarching government priorities that will inform your institution's policies and programs, as well as specific direction on priorities and expectations for the coming fiscal year.

Our goal is to build a strong, sustainable economy that works for everyone. We are committed to working with you and other public sector organizations to provide quality, effective services to British Columbia families and businesses.
