Financial Statements of

CAMOSUN COLLEGE

And Independent Auditors' Report thereon

Year ended March 31, 2021

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Notes to Financial Statements

Year ended March 31, 2021

1. Nature of operations:

Notes to Financial Statements

Year ended March 31, 2021

2. Significant accounting policies (continued):

(a) Basis of accounting (continued):

Regulation 257/2010 requires all tax-payer supported organizations in the Schools, Universities, Colleges and Hospitals sectors to adopt Canadian public sector accounting standards without any PS4200 elections.

Regulation 198/2011 requires that restricted contributions received or receivable for acquiring or developing a depreciable tangible capital asset or contributions in the form of a depreciable tangible capital asset are to be deferred and recognized in revenue at the same rate that amortization of the related tangible capital asset is recorded.

For British Columbia tax-payer supported organizations, these contributions include government transfers and externally restricted contributions.

The accounting policy requirements under Regulation 198/2011 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

- x government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410 Government Transfers; and
- x externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100 Restricted Assets and Revenues; and
- x deferred contributions meet the liability criteria in accordance with PS3200 Liabilities.

As a result, revenue recognized in the statement of operations and certain related deferred capital contributions are recorded differently under Canadian Public Sector Accounting Standards.

(b) Inventories for resale:

Inventories held for resale, comprised of bookstore inventory, is recorded at the lower of average cost or net realizable value. Cost includes the original purchase cost, plus shipping and applicable duties. Net realizable value is the estimated selling price less any costs to sell.

- 2. Significant accounting policies (continued):
 - (f) Revenue recognition (continued):

Restricted donations and grants are reported as revenue depending on the nature of the restrictions on the use of the funds by the contributors. Under Restricted Contributions Regulation 198/2011, government transfers are reported as revenue depending on the nature

Year ended March 31, 2021

Significant accounting policies (continued):

(j) Measurement uncertainty:

The preparation of the financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Key areas where management has made estimates and assumptions include those related to the determination of the useful lives of capital assets, amortization of related deferred capital contributions, determination of employee future benefits, and provisions for accounts receivable and contingencies. Where actual results differ from these estimates and assumptions, the impact is recorded in future periods when the differences become known.

3. Cash and cash equivalents:

Cash and cash equivalents includes cash and cash equivalents on deposit and amounts held under the Province of BC Central Deposit Program which pays interest at prime minus 1.5% and are redeemable on 3 days notice.

4. Accounts receivable:

5. Inventories for resale:

Inventory is comprised of bookstore inventory for resale. During the year ended March 31, 2021 the College recognized \$1,910,292 (2020 - \$2,938,457) of expenses related to inventories in the statement of operations. This includes an amount of \$55,438 (2020 - \$17,563) resulting from the write-down of inventories.

(i) Certain employees of the College are entitled to sick leave benefits in accordance with the terms and conditions of their employment contracts. These include post-retirement benefits, benefits that are expected to be provided after employment but prior to retirement and which vest or accumulate during service; and compensated absence benefits, benefits paid during employment, including sick pay benefits that accumulate and are payable upon a future illness or injury-related absence. The benefit expense associated with the covered benefits attributed to the accounting period is included in the College's statement of operations and the accrued benefit liability for the benefits attributed to employee service to the accounting date are included in the College's statement of financial position. The accrued benefit obligation and the net periodic benefit costs were estimated by an actuarial valuation at the measurement date of December 31, 2019 and extrapolated to March 31, 2021.

Actuarial gains and losses are amortized over 6 years (2020 - 6 years), being the expected average remaining service life of the employees.
